Water capacity	800 l		

DESCRIPTION

The Princess F65's layout brings loved ones together. Focussed around a sociable use of space she provides accommodation for eight guests across four cabins. Vast panoramic saloon windows and signature wrap around front screens offer uninterrupted vistas from the main deck whilst elongated hull windows generously flood her accommodation areas with light. The expansive main deck is segmented into an aft galley with dinette, saloon with large U-shaped sofa plus companion seating opposite the helmsman area which features a side access door to the deck. The foredeck provides the perfect spot to enjoy outdoor relaxation with split sunpads and the ability to include an integrated cool box. Her contemporary flybridge is the perfect

outdoor entertaining area, with ergonomic dining seating, wetbar with barbecue, coolbox and sink, plus an aft sunbed and L-shaped companion seat with infill as a secondary sunbed.

”

EQUIPMENT

Teak-laid transom platform, transom steps, cockpit deck, flybridge stairway and steps to side deck

Stemhead roller with automatic anchor launch and retrieve

Bow rope storage locker

Deck storage lockers for fenders

Stainless steel stern fairleads (2)

Stainless steel pulpit and guardrails (32mm round)

Full set of IMCO navigation lights

Searchlight with remote control

Twin electric horns

Foredeck escape hatch

Self-draining cockpit

Upholstered cockpit headlining panels

Integral stairway to flybridge

Liferaft stowage locker

Starboard lightweight pantograph door for access to lazarette/optional crew cabin Lockable gas strut assisted hatch to secondary port side lazarette

Lockable wet locker accessed from port side transom hatch (accepts optional SEABOB (x2) storage and charging rack)

Twin transom doors leading to bathing platform Transom seat in teak

Electro-hydraulic raise/lower teak laid bathing platform (500kg SWL)

Transom steps to access stern from bathing platform when in lowered position

220/240v shore support inlet in locker

Dual station instrumentation and controls (see Helm Position)

Audible and visual alarm for bilge pumps Wind deflector screens (grey tinted perspex)

Reversible electric anchor winch with foredeck and helm position controls

Self-stowing anchor system incorporating one Lewmar Delta anchor (40kg/88lb) with 60m of 9.5mm chain

Freshwater deck/anchor wash

Stainless steel forward fairleads (2)

Cast stainless steel bow, stern and spring cleats (8)

Stainless steel coachroof handrails

Illuminated crown logo on transom

Riding light

Loudhailer (connected to VHF)

Fuel and water fillers

Walk through foredeck seating area Foredeck sunbathing area with twin sunbeds including cushions with integrated storage and drinks holders (4)

U-shaped seating/dining area with folding teak table and drinks holders

LED overhead and deck level lighting

Stainless steel handrails

Rope stowage lockers

Lockable gas strut assisted hatch to engine room

Locker containing remote fuel cocks, manual bilge pump with valve chest and manual controls for automatic fire extinguishers

Ensign socket and transom grab rail

Retractable bathing ladder (manual) in side of hydraulic platform

Hot and cold transom shower

Cockpit cover

Drinks holders (2) and storage locker tray colour multifunctional display screen incorporating GPS/chartplotter, log and echo sounder multifunctional display screen incorporating engine instrumentation (including fuel levels and fuel flow) Adjustable steering wheel

Separate helm and navigator seats with fore and aft adjustment for helmsman

L-shaped upholstered companion seating area with infill for conversion to sunbed (storage for infill below)

U-shaped upholstered seating area and storage below

Teak dining table with removable leaf Walkaround sunpad aft, drinks holders and storage below

L-shaped wetbar including sink with electric barbecue, top loading coolbox and waste bin

LED deck level lighting

Matched whip aerials for VHF R/T and radio Console, seat, wet bar and table covers Optional GRP hardtop with/without electric opening section (or optional folding bimini with optional electro-hydraulic operation) USB-A charging point (2)

Instrument console with controls incorporating engine instruments and fuel gauges

16" colour multifunction display incorporating GPS/chartplotter, log, echo-sounder

Power-assisted electro-hydraulic steering

Rudder position indicator

Electronic engine controls

Bow thruster control

Autopilot

Remote control searchlight

Drinks holders

Toughened glass screen (clear for night vision)

Exterior black mesh sunscreens

24v and 240v electrical control panel

USB charging points (4)

LED overhead lighting (24v) and night lighting Pantograph helmsman's side door to starboard side deck

U-shaped sofa with storage drawers

Two-seater sofa with storage

Electric opening window to port

55" TV on rise and fall

LED overhead and concealed lighting (24v)

220/240v outlets (2)

Folding dining table/drinks holders and crockery drawer

Storage tray behind flybridge L-shaped seating with drinks holders

Storage tray behind flybridge U-shaped seating with drinks holders

Fusion Apollo MS-SRX400 audio system paired with Fusion Signature 7.7" waterproof speakers (2)

Clear view hatch to aft cockpit

GRP radar arch

Twin helm seats with fore and aft adjustment for helmsman, F-logo to helm seat, flip up base to helm seat for door access

4-zone ceramic hob

Combination microwave/convection oven with grill

1.5 bowl solid surface sink with mixer tap Waste bin

Manual tension venetian blinds to windows LED overhead and task lighting (24v)

Timber flooring (V-groove planked)

All cabins feature 220/240v power points

All bathrooms feature electric freshwater toilets

Twin bedside tables

Dressing table

Storage lockers and drawers

Fusion Apollo MS-RA770 paired with Focal 100ICW6 speakers (2)

LED overhead and concealed lighting (24V) Individual berth lights

Wash basin with solid surface vanity top Mirror to vanity unit

Shower compartment with automatic pump out

Window with opening porthole

LED overhead lighting (24v)

Solid Surface flooring

Windows with opening portholes Manual tension venetian blind Deck hatch

220/240v outlets (3)

Mirror

Two single beds with drawers below (with option of sliding double bed conversion)

Wardrobe with shelves

Individual berth lights

Wash basin with solid surface vanity top (thermo-formed)

Two single beds

Window with opening portholes Manual tension venetian blind LED overhead lighting (24v)

Furniture in specified choice of boat timber Single bed with storage below (optional second bunk available)

Lockers with shelf

Transom glazing with venetian blind Lightweight pantograph door with access from transom

Fitted Carpet

Bathroom in white laminate

Shower with automatic pump out Extractor fan

5-bladed propellers in nickel aluminium bronze

High speed balanced rudders

Trim tabs with indicators

Forward and aft engine room bulkheads and engine room headlining to be integrally bonded including insulation with acoustafoam layers

Engine room extractor fan with electronic time delay

Engine beds integrally moulded with hull for strength and vibration absorption

Automatic fire extinguisher with remote override control

Engine room lighting

Electronic engine and gear shift controls

Dripless self-aligning shaft seals

Battery link facility with remote control at helm position

80-amp battery charger charges both banks of batteries via an automatic switch charging system

Circuit breakers on all circuits

11 k W diesel generator in own sound shield with water cooled specially silenced exhaust Automatic fire extinguisher situated by generator

6-amp battery charger for generator battery Generator/shore support change-over switch

Earth leakage safety trip

Shaver points in all bathrooms (excluding crew)

Fuel fillers on port and starboard side deck steps

Remote fuel cocks in cockpit locker Fuel gauges at main helm console (via multifunctional display)

Water heated by engines and 240v immersion heater

Main circuit breaker at switch panel Water level gauge

Opening porthole

USB Charging points (2)

En-suite bathroom

Washbasin with solid surface vanity top Storage lockers

Propeller shafts in Marinemet

Bow thruster (170kgf/375lbf) with dual-station controls

Power-assisted electro-hydraulic steering system

Cathodic protection for sterngear Sterngear, engines, fuel tank fillers, etc all electrically bonded

High volume air intakes

Engine exhaust silencers and water-cooled exhausts

Engines flexibly mounted

Automatic and manual bilge pumps

Engine room access hatch and ladder

Fresh water supply point in engine room

4x heavy duty batteries for engine starting 4x heavy duty auxiliary batteries

Both battery banks are charged using a voltage sensitive relay that parallels both battery banks when a charging source is present

6-amp battery charger for generator battery Remote battery master switches with control switch at main switch panel

12v voltage dropper for certain navigation and radio circuits

60-amp shore support inlet

Polarity check system

Power points in: Owner's stateroom, guest cabins, galley and saloon area

Twin fuel tanks (in NS8 marine grade alloy) with interconnection system giving 902 gal/ 1,083 US gal/4,100l capacity

High-capacity duplex fuel filters with water traps with change-over valves, water warning sensors connected to warning lights at lower helm

Water tanks totalling 176 gal/211 US gal/ 800l plus 16 gal/19 US gal/73l hot water calorifier

Automatic water pump with filter

Deck filler

Electric freshwater toilet system with 60 gal/72 US gal/272l holding tank, content gauge and manual overboard discharge, with macerator backup system as well as dockside discharge system
